ABOUT

JS MOBILEON PRIVATE LIMITED

JS MOBILEON Private Limited is at the forefront of revolutionizing the electric vehicle (EV) industry in India. We specialize in the design, development, manufacturing, and sale of state-of-the-art commercial electric vehicles that consistently outperform their gasoline-powered counterparts.

Our commitment lies in providing emerging nations with eco-friendly and cost-effective electric mobility solutions, benefitting both the consumer and the environment.

With nearly a 65 years of experience in vertical integration, JS MOBILEON has strategically developed a robust infrastructure, state of art Automatic Manufacturing plant, service channel and financing channels.

OUR VISION

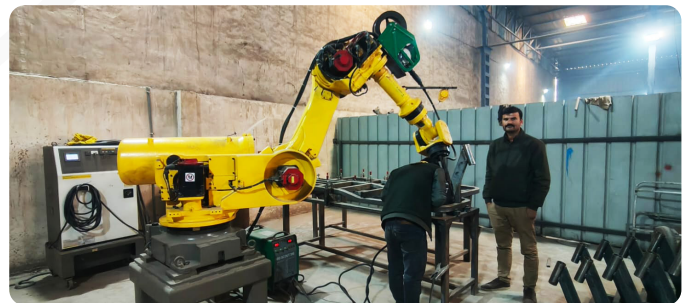

At JS MOBILEON, our vision is to become the industry leader in the electric three-wheeler segment by 2030, offering high-quality products that meet the highest standards of safety and efficiency for Indian consumers. We aim to provide innovative, affordable, and eco-friendly electric vehicles that offer improved comfort and performance while reducing operating costs. By consistently adhering to world-class manufacturing techniques and maintaining a customer-centric approach, we aim to create lasting value for our stakeholders.

OUR LEGACY

The company's success can be attributed to its deep-rooted legacy in the steel and automotive industries.

Since 1960, the parent company Newlight Industries is serving the steel and automotive industry with its best products and customer satisfaction practices. Mr. Jaswant Singh Sahni's entrepreneurial journey saw him evolve from humble beginnings to the owner of a successful steel manufacturing industry. His innovative approach, including backward integration to address raw material shortages, led to the founding of Newlight Industries, a prominent manufacturer of nuts, bolts, and machine components.

His vision of harnessing technology for the betterment of society is mirrored in the company's mission to develop sustainable, high-performance electric vehicles for the masses. JS MOBILEON adheres to the philosophy of creating products that not only meet market needs but also contribute positively to environmental and social causes.

Lithium Battery (Optional)

SPECIFICATION AND FEATURES	
VEHICLE DATA	Vehicle Weight With 140ah Battery (48v) 490 Kg Vehicle Weight With 150ah Battery (48v) 510 Kg
MOTOR	Heavy Duty 1200w/1250w
CONTROLLER	Heavy Duty 60amp Intelligent Controller
DIFFERENTIAL	33 Inch Heavy Bearing For More Load 6206 160 Mm Drum With Double Bearing
SPEEDMETER	Smart Tablet Type Digital Display Battery And Sped Indication
INDICATORS	Drl Type Led Indicators
HEADLIGHT	Drl Type With Halogen Bulb
CONVERTER	20 Amps Rating 48v / 60v
PAINT	Ed Coated Tsa Top Coat Paint
FRONT SUSPENSION	Front Hydraulic Shocker With Dual Spring Technology High Damping Force
REAR SUSPENSION	Sup 9a Material Spring Steel 6 Strips Leaf Spring High Strength And Loading Capacity Cover Leaf For Extra Support Near Eye

WARRANTY			
MOTOR	1 YEAR	FRONT SHOCKER	6 MONTHS
CONTROLLER	1 YEAR	CONVERTER	6 MONTHS
CHASSIS	1 YEAR	DIGITAL METER	3 MONTHS
CHARGER	2 YEARS	THROTTLE	3 MONTHS
WIRING HARNESS	6 MONTHS		

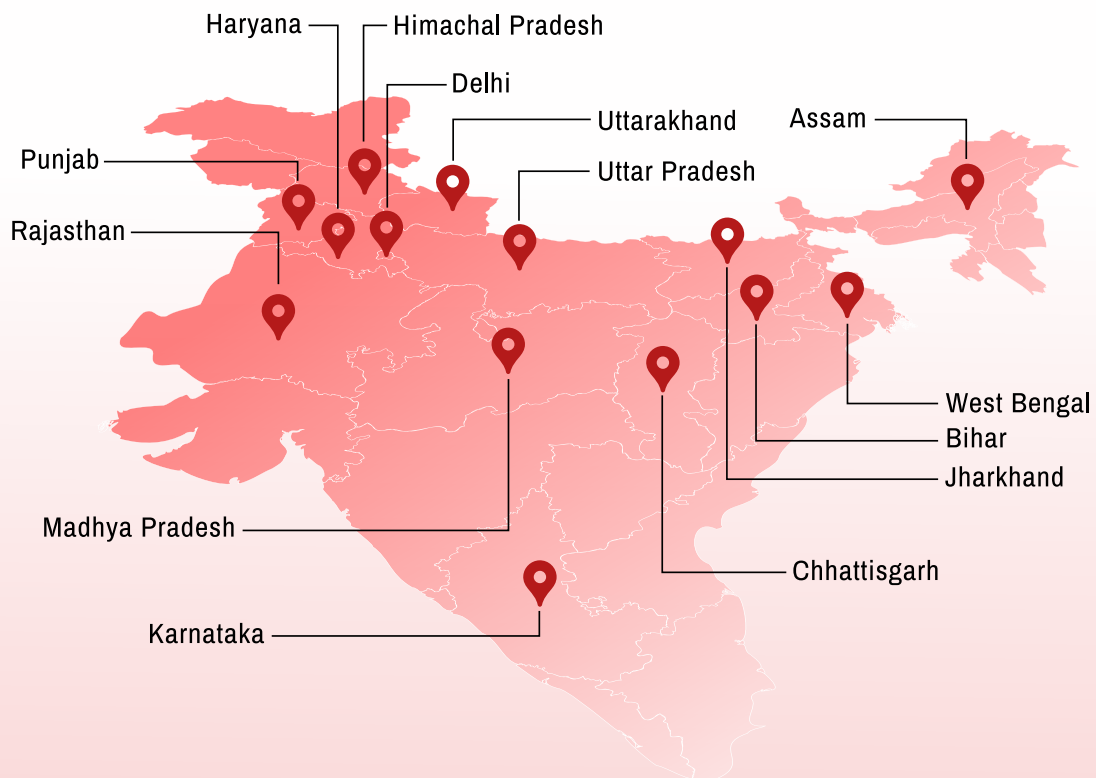

USP AND INDUSTRY COMPARISON	
<ul style="list-style-type: none"> ● Maximum seating capacity and luggage space in the industry 	<ul style="list-style-type: none"> ● High efficiency of drivetrain owing to superior compatibility
<ul style="list-style-type: none"> ● Vehicle chassis made from crc pipes for high tensile strength 	<ul style="list-style-type: none"> ● Ed coating protection against rusting and long life of the vehicle
<ul style="list-style-type: none"> ● Strongly built and heavyduty body 	<ul style="list-style-type: none"> ● Low running cost and high battery life
<ul style="list-style-type: none"> ● Water proof wiring and silicon sealed couplers 	<ul style="list-style-type: none"> ● Fastest growing company in erickshaw business
